Recommendation Letter

Kinnarps can offer a broad range of consulting services – from project management to interior design. Thanks to our network of in-house and external specialists, we can satisfy most requirements. Kinnarps also offers financing solutions, such as preferential rental arrangements.

This letter is written to express our complete satisfaction with IT & security systems, integrated systems provided by MVG TOTAL for mutual projects during time.

In all common projects, MVG TOTAL consistently provided Kinnarps high standards and professionalism.

Therefore, we highly recommend MVG TOTAL as a supplier for IT & Security systems.

Sincerely,

Daniel FLORESCU
